

# WALES BAPTIST CHURCH

MISSION PARTNERS

## QUARTERLY MISSIONS NEWSLETTER 8/11/21

Chosen People International is now Missiotecca. Our monthly giving still goes towards Pastoral Training. This is a 2 year training program and the latest pastors to graduate from this training are in the picture below.

We have also allocated some of our missions budget to support Jose, our Guatemalan contact who has taken Nate Brady's position. His main job is church partnership, helping with pastoral training in Guatemala and Mexico and continuing the relationships with village churches and state side partners.

Graduation of 20 pastors from the Northern region of Guatemala. Most of the people of San Cristóbal are bilingual. They speak a Mayan language and Spanish.

Due to privacy laws and the safety of those they help, they are unable to share detailed information. Both are still serving their surrounding counties and are grateful for our support.

We are grateful also to give monthly support to the Giles County Help Center, Giles County Baptist Association, and the Tennessee Baptist Mission Board.

JM and Brittany Thompson and family have been back in the states. JM has prayerfully taken a position in ministry at a church in Oklahoma and they have moved their family there as well. JM will be leading group trips to Africa every three months for a two week duration in the bush. They have determined that monthly donations will be better used with this approach and we, as a committee, agree with their decision. Our monthly support to them will decrease by 40% since they are in the states and able to fully support their family here.

Ultrasound training was held in May for JoAnn and a local nurse. Since then, 34 ultrasounds have been done.

FCA Outdoors Camp at Camp Rain in Decherd, TN. There, 85 students huddle leaders and staff invested 4 days shooting guns and bows, fishing, hiking, kayaking, throwing hatchets, mountain biking, and many more outdoor activities! However their biggest investments was reading and studying God's word in morning quiet time, worshipping God in our daily services, and sharpening one another in their huddle meetings lead by our awesome college students! 12 students gave their lives to Jesus and many more rededicated!
